## Mirasol Resources Receives Unsolicited Expressions of Interest

**VANCOUVER, BC, December 23, 2020** — Mirasol Resources Ltd. (TSX-V: **MRZ**) (OTCPK: **MRZLF**) (the “Company” or “Mirasol”) today announced that in recent weeks the Company has received multiple unsolicited expressions of interest from third parties seeking to acquire the Company on an at-market zero-premium basis. The Board of Mirasol has given careful consideration to these expressions of interest and has determined that it is in the best interest of shareholders that the Company remain independent and focused on its current business plan.

Mirasol is a leading South American exploration company focused in Chile and Argentina where the Company has generated an extensive portfolio of early, mid and advanced stage base and precious metals projects. The Company currently has twelve advanced stage projects. During the current South American exploration season, drilling has already been completed on the Virginia Project in Argentina and is planned for a further six projects in early 2021. Five of the seven drill programs are partner-funded and two, the Inca Gold Project in Chile and the Sascha-Marcelina Project in Argentina, are self-funded.

Mirasol’s Chair and Interim CEO, Patrick Evans, commented: “Mirasol’s exploration team has done a tremendous amount of work over a number of years to advance seven projects in Chile and Argentina to drill-ready stage. This is unquestionably the most active and exciting drill season in Mirasol’s 15-year history. We expect a steady stream of drill results over the next six months, in addition to a number of other corporate developments relating to Mirasol’s other advanced stage projects”.

Mr. Evans added: “Mirasol has a strong treasury with approx. C\$15 million in cash. With most of our drill programs partner-funded, the Board of Mirasol determined to return excess cash to shareholders through a normal course issuer bid that was initiated on October 22, 2020. Up to 3.9 million shares, representing 7.2% of the Company’s issued and outstanding shares, may be repurchased under the bid”.

The Board and Management of Mirasol remain keenly focused on the successful execution of the Company’s current business plan with the overriding objective of maximizing shareholder value.
