

INFORMATION CIRCULAR

ANNUAL GENERAL & SPECIAL MEETING OF THE SHAREHOLDERS

(information as at May 3, 2023, unless indicated otherwise)

SOLICITATION OF PROXIES

This Information Circular is provided in connection with the solicitation of proxies by the management of Mirasol Resources Ltd. (the “**Company**”) for use at the Annual & Special General Meeting of the shareholders of the Company to be held on June 7, 2023 (the “**Meeting**”), at the time and place and for the purposes set out in the accompanying notice of meeting and at any adjournment thereof. The solicitation will be made by mail and may also be supplemented by telephone or other personal contact to be made without special compensation by directors, officers and employees of the Company. The Company will bear the cost of this solicitation. The Company will not reimburse shareholders, nominees or agents for the cost incurred, in obtaining from their principals authorization to execute forms of proxy.

APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their common shares by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Investor Services Inc. at 3rd Floor, 510 Burrard Street, Vancouver, BC V6C 3B9 (by mail, telephone or internet according to the instructions on the proxy), not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, otherwise the shareholder will not be entitled to vote at the Meeting by proxy.

The persons named in the proxy are directors and officers of the Company and are proxyholders nominated by management. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed instrument of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder must insert the name of its nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder of the Company.**

A registered shareholder may revoke a proxy by:

- (a) signing a proxy with a later date and delivering it at the place and within the time noted above;
- (b) signing and dating a written notice of revocation (in the same manner as the proxy is required to be executed, as set out in the notes to the proxy) and delivering it to the registered office of the Company, Suite 700 – 1199 West Hastings Street, Vancouver, British Columbia, V6E 3T5, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which

the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof;

- (c) attending the Meeting or any adjournment thereof and registering with the scrutineer as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked; or
- (d) in any other manner provided by law.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as many shareholders do not hold their shares in the Company in their own name. Shareholders holding their shares through banks, trust companies, securities dealers or brokers, trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans or other persons (any one of which is herein referred to as an "**Intermediary**") or otherwise not in their own name (such shareholders herein referred to as "Beneficial Shareholders") should note that only proxies deposited by shareholders appearing on the records maintained by the Company's transfer agent as registered shareholders will be recognized and allowed to vote at the Meeting. If a shareholder's shares are listed in an account statement provided to the shareholder by a broker, in all likelihood those shares are **not** registered in the shareholder's name and that shareholder is a Beneficial Shareholder. Such shares are most likely registered in the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms. Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the Meeting at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

Regulatory polices require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Company (such Beneficial Shareholders are designated as non-objecting beneficial owners, or "**NOBOs**") or objecting to their Intermediary disclosing ownership information about themselves to the Company (such Beneficial Shareholders are designated as objecting beneficial owners, or "**OBOs**").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has elected to send the notice of meeting, this Information Circular and a request for voting instructions (a "**VIF**"), instead of a proxy (the notice of Meeting, Information Circular and VIF or proxy are collectively referred to as the "**Meeting Materials**") directly to the NOBOs and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to OBOs.

Meeting Materials sent to Beneficial Shareholders are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder's shares on the Beneficial Shareholder's behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through an Intermediary, please contact that Intermediary for assistance.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. **A Beneficial Shareholder receiving a VIF cannot use that form to vote common shares directly at the Meeting – Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.** Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or their nominee the right to attend and vote at the Meeting.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

All references to shareholders in this Information Circular and the accompanying instrument of proxy and notice of Meeting are to registered shareholders unless specifically stated otherwise.

The Meeting Materials are being sent to both registered and non-registered owners of the Company’s shares. If you are a Beneficial Shareholder and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of the Company’s securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

If a shareholder specifies a choice with respect to any matter to be acted upon, the shares represented by proxy will be voted or withheld from voting by the proxy holder in accordance with those instructions on any ballot that may be called for. In the enclosed form of proxy, in the absence of any instructions in the proxy, it is intended that such shares will be voted by the proxyholder, if a nominee of management, in favour of the motions proposed to be made at the meeting as stated under the headings in the notice of meeting accompanying this Information Circular. If any amendments or variations to such matters, or any other matters, are properly brought before the Meeting, the proxyholder, if a nominee of management, will exercise its discretion and vote on such matters in accordance with its best judgment.

The instrument of proxy enclosed, in the absence of any instructions in the proxy, also confers discretionary authority on any proxyholder other than the nominees of management named in the instrument of proxy with respect to the matters identified herein, amendments or variations to

those matters, or any other matters which may properly be brought before the Meeting. To enable a proxyholder to exercise its discretionary authority a shareholder must strike out the names of the nominees of management in the enclosed instrument of proxy and insert the name of its nominee in the space provided, and not specify a choice with respect to the matters to be acted upon. This will enable the proxyholder to exercise its discretion and vote on such matters in accordance with its best judgment.

At the time of printing this Information Circular, management of the Company is not aware that any amendments or variations to existing matters or new matters are to be presented for action at the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

The Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of each of the following persons in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors:

- (a) each person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year;
- (b) each proposed nominee for election as a director of the Company; and
- (c) each associate or affiliate of any of the foregoing.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized capital of the Company consists of an unlimited number of common shares. On May 3, 2023 (the "**Record Date**"), the Company had 59,706,710 common shares outstanding. All common shares in the capital of the Company are of the same class and each carries the right to one vote. Only those shareholders of record on the Record Date are entitled to attend and vote at the Meeting.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, only those persons set forth below beneficially own, directly or indirectly, or exercise control or direction over, 10% or more of the common shares of the Company.

ELECTION OF DIRECTORS

The directors of the Company are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected. The management of the Company proposes to nominate the persons listed below for election as directors of the Company to serve until their successors are elected or appointed. In the absence of instructions to the contrary, proxies given pursuant to the solicitation by the management of the Company will be voted for the nominees listed in this Information Circular. **Management does not contemplate that any of the nominees will be unable to serve as a director. If any vacancies occur in the slate of nominees listed below before the Meeting, management will exercise discretion to vote the proxy for the election of any other person or persons as directors.** There currently are five (5) directors of the Company, and it is proposed that the number of directors to be elected at the Meeting be fixed at five (5).

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Interpretation

"Named executive officer" ("**NEO**") means:

- (a) a Chief Executive Officer ("**CEO**");
- (b) a President ("**President**");
- (c) a Chief Financial Officer ("**CFO**");
- (d) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (e) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are: Timothy W. Heenan, President, Maria Del Carmen Cazares, CFO, Troy Shultz, VP Investor Relations, Jonathan Rosset, former VP Corporate Development (July 16, 2018 to April 30, 2022), Mathew Lee, former CFO (July 16, 2018 to December 31, 2021).

Compensation Program Objectives

The objectives of the Company's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Company's continued success;

- to align the interests of the Company's executives with the interests of the Company's shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

The Company is a venture company involved in mineral exploration and development and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEOs.

Purpose of the Compensation Program

The Company's executive compensation program has been designed to reward executives for reinforcing the Company's business objectives and values, for achieving the Company's performance objectives and for their individual performances.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary and stock option incentives.

Purpose of Each Element of the Executive Compensation Program

The base salary of an NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to Officers, Directors, NEOs, employees and consultants on a periodic basis based on performance measured against set objectives. The granting of stock options upon hire, if applicable, aligns NEOs' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments. Restricted share units ("**RSUs**") may also form part of an NEO's compensation package.

Determination of the Amount of Each Element of the Executive Compensation Program, Compensation Risk and Compensation Governance

Compensation of the NEOs of the Company, other than that of the CEO, is reviewed periodically by the CEO, who makes recommendations to the Compensation Committee (the "**Compensation Committee**"). The Compensation Committee reviews the recommendations of the CEO and makes its own recommendations to the Board of Directors of the Company (the "**Board**"), which approves the compensation of the NEOs based on the recommendations of the Compensation Committee. Compensation for the CEO is reviewed annually by the Compensation Committee, which then makes recommendations to the Board. The Board approves the base salary of each NEO based on the recommendations of the Compensation Committee.

The Board reviews, from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. The review occurs at the time of preparation of Compensation Discussion & Analysis. Implicit in the Board's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion of the Company's executive compensation will consist of stock options and RSUs granted under the Company's Stock Option Plan and Restricted Share Unit Plan (collectively, the "**Plans**"). Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is limited.

The other element of compensation, base salary, represents the remaining portion of an executive's total compensation. While base salary is not "long term" or "at risk", as noted above, this component of compensation is set at levels that are consistent with the industry, therefore it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short term compensation when their long term compensation might be put at risk from their actions.

Due to the small size of the Company, and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which, financial and other information of the Company are reviewed, and which includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

NEO's and directors of the Company are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

During the most recently completed financial year ended June 30, 2021, the members of the Compensation Committee were Patrick Evans, Chairman (independent), John Tognetti (independent), and Nick DeMare (independent).

Base salary

The base salary review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary is not evaluated against a formal “peer group”. The Compensation Committee relies on the general experience of its members in setting base salary amounts.

Stock Options and RSUs

On May 25, 2022, the Company’s stock option and RSU plans (the “**Plans**”) were approved by the shareholders at the Company’s annual and special general meeting. The Board, based on recommendations of the Compensation Committee where appropriate, determines which NEOs (and other persons) are entitled to participate in grants of awards under the Plans; determines the number of options and/or RSUs to granted to such individuals; determines vesting conditions which may apply to such awards and determines the date on which each award is granted and the corresponding exercise price (stock options) and award value (RSUs).

The Board makes these determinations subject to the provisions of the Plans and, where applicable, the policies of the Exchange. Previous grants of option and RSU awards are taken into account when considering new grants.

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of each NEO, combined with the granting of stock options and/or RSUs, has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

⁽⁷⁾ The value of any share-based and option-based awards reflects the fair value of these shares and options on the date of the grant. The fair value of any share-based award is determined based on the market value of the Company's publicly listed shares. The fair value of option-based awards is computed using the Black-Scholes option pricing model with the following assumptions: Expected life of the options: 2022: 4.5 years (2021: Nil; 2020: 2.8 years); Stock price volatility: 2022: 98.05% (2021: Nil; 2020: 88.75%); Expected dividend yield: 2022: 0% (2021: Nil; 2020: 0%); and Risk-free interest rate: 2022: 0.79% (2021: Nil; 2020: 1.6%). The Black-Scholes model is used to compute the option fair values because it is the most commonly used option pricing model and is considered to produce a reasonable estimate of fair value. There is no difference between the fair value of options as calculated in the table above and the fair value calculated in accordance with IFRS.

⁽⁸⁾ The purpose of annual incentive plan is to align rewards with the Company's vision, strategies while motivating Participants to achieve top performance in the industry. Participants are eligible to receive incentive awards based on their performance and the performance of the organization. There were no annual incentive plan awards issued to the NEO's in fiscal 2022.
