

MIRASOL RESOURCES
Focused on gold & silver discovery
Base Image: Gradient Array Resistivity

CVSA Drilling

- Completed RC drilling (assays returned)
- Completed RC drilling (assays pending)

Gradient Array Interpretation

- Resistive geophysical bodies
 - Gradient array 100m line spaced
 - Themisto Trend Reconnaissance gradient array 500m line spaced
- Gradient Array – Resistivity (ohm m)
Low High

Insert Figure Legend

- Rock Chip Samples
+1 g/t Gold Equivalent (Au+Ag/60)
- Vanguardia Pits
- Mapped & Interpreted Veins
