## **Mirasol Resources Board Change**

**Vancouver, BC — April 2, 2013 — Mirasol Resources Ltd. (TSX-V: MRZ, Frankfurt: M8R)** (“Mirasol” or the “Company”). Ms. Mary Little, President and CEO of Mirasol Resources Ltd., informs that Mr. Douglas B. Silver, the initial independent director of the Company, has resigned from the Company’s board of directors in order to pursue his primary business commitments. Ms. Little stated, “Mirasol’s Board of Directors and management team wish to thank Mr. Silver for his guidance and unwavering support through the years, which have demonstrably contributed to Mirasol’s exploration and corporate successes. His significant contributions are appreciated and he will be missed. We wish him the very best in the future.”

### About Mirasol

Mirasol is focused on the discovery, exploration and acquisition of high-potential precious metals deposits in the Americas, utilizing leading edge technology for strategic advantage. The Company holds 100% interest in the Rubi copper-gold porphyry target, strategically located in the El Salvador copper mining district of northern Chile, and a new precious metal property portfolio located in an emerging gold exploration belt in Chile. Mirasol currently holds 100% of the rights of seven active exploration projects and twelve early-stage precious metals prospects in Santa Cruz Province, in the Patagonian region of southern Argentina, identified through the Company’s proprietary exploration methodology.

Strategic joint ventures and partnerships with producers have enabled Mirasol to pursue success in project generation. In December, 2012, Mirasol completed the sale of the Joaquin silver-gold property in Santa Cruz, Argentina, to its partner Coeur d’Alene Mines, from which proceeds will provide funding for exploration programs at its priority projects for several years. Mirasol operates subsidiary companies in Chile and Argentina, and is engaged in generative exploration in high-potential regions elsewhere in the Americas.
