MIRASOL IN THE NEWS: The Northern Miner

The following report on Mirasol Resources was published on Monday, February 1, 2010 in The Northern Miner.

Title: “Mirasol Builds on the Back of the Drill”

“Mirasol Resources (MRZ-V) has had a healthy market run of late and done so the good old-fashioned way: via the drill.

The Vancouver-based company announced strong results from a joint-ventured property with Coeur d’Alene Mines (CDM-, CDE-N) just a week after announcing the discovery of a new high grade silver vein at one of its wholly owned projects in Argentina’s Santa Cruz province.

At the latter project, Mirasol named the new vein “Julia” and says it is part of the Virginia vein zone in its (the province’s) “Area of Special Interest”.

About Mirasol Resources Ltd:

Mirasol Resources Ltd. is an exploration company focused on the discovery and acquisition of high-potential precious metals deposits in the Americas. Mirasol currently holds 100% of the rights of eight active exploration prospects and twelve early-stage precious metals prospects in Santa Cruz Province, southern Argentina. The company operates subsidiary companies in Argentina and Chile and is engaged in generative exploration in high-potential regions elsewhere in the Americas.
